

### **Security is Important**

It has come to our attention that a third party has established a look alike website, with a slightly different spelling. Please ensure you access accounts through the official web address - <https://www.cardcenterdirect.com/Login.aspx> - which has a secure connection and valid certificate.

Our website and your account are unaffected by this lookalike site. However, this is a precautionary note to urge you to be diligent and watch for fraudulent websites and pages.
